along with our JV team Katherine Townley, Madeline Duhon, and Megan Guarino proudly represented VCCHS in the "On the Prowl" meet hosted by Abbeville High School on September 23rd at QSA in Erath.

As part of national 4-H week the students at Vermilion Catholic had a jean day to raise money for the victims of the recent hurricanes.

Vermilion Catholic Homecoming 2017 was definitely one to remember. The atmosphere the entire week was electric and spirited by faculty, students, and parents. Through hard work, Vermilion Catholic, made changes that influenced this excitement. On Wednesday, there was a big pep rally held in the VC gym to start a new tradition! The pep rally included Vermilion Catholic and Mount Carmel student and their faculty and parents. The atmosphere was full of excitement! The bonfire tradition also had a few changes! This year, thanks to volunteers, there was a huge jambalaya cookout! This added a new spice to the event! Also at the bonfire, the King's court was presented for the first time! The

GOD'S TIME

The word Kairos means "God's Time." Kairos is a peer led retreat that helps people grow deeper in their faith. This retreat will become a tradition that will bring our school closer to Jesus. Since the summer we have been praying for the success for Kairos. We have prepared talks, gathered materials, and are continually learning more about the retreat.

STUDENT Spotlight

The VC Way

by Cody Verret, Class of 2018

Every single player that comes through this school has a unique story that they will remember for the rest of their life. I would like to share with you a little bit of mine. As a senior football player at Vermilion Catholic, I

however, I realize that it's been here all along. Vermilion Catholic football players have always had a certain "it" factor that set themselves apart from other players. We always did more than what was asked of us. It is a mindset that is instilled in us the moment we walk through those locker room doors for the very first time. I remember watching Paul Veazey my freshman year thinking something like, "I wanna be that guy, the guy who will go above and beyond for his teammates and his brothers." Not everyone has the talent that guys like Paul Veazey had, but through my four years here, I have realized that anyone can do things the VC Way. Anyone can be a leader. Anyone can step up when they are needed. It doesn't take talent to outwork the

feel as if I am a part of VC history. Each and every player to ever don that uniform leaves their own special mark on this school. In some way, we have all affected another player whether it be positive or negative. Everyone will always remember that one guy who was a senior when they were a freshman who they couldn't help but look up to. It's amazing to see the freshman now and how much they resemble every other freshman class. We all come in the same way, and we all catch on to how things work around here. This is something that Coach Brady calls the "VC Way."

I had never referred to anything as the VC Way until Coach Brady got here. Looking back

next man. It takes a championship mindset and a winning attitude to get things done. Above everything that I have learned over these years, I will cherish that lesson the most. Anyone can do anything they put their mind to. I have seen it every season when we win a game that we are not supposed to stand a chance in. These wins aren't lucky however, they come from us wanting it much more than the guys standing on the other sideline. These wins come from us outworking everyone in the state. These wins come from doing everything right, on and off the field. These wins come from doing things the VC Way.
