January 28, 2019

Dear Parents,

We are making tremendous efforts at Vermilion Catholic in preparation for the future. Our goal is to ensure that Vermilion Catholic continues to actively engage students in the educational process, which is rooted in learning and serving Christ in the Catholic tradition.

Currently, dual enrollment courses include junior and senior Math and junior and senior English for college credit. I am pleased with the positive things happening at Vermilion Catholic. I look forward to the opportunity to meet with you as we work together for the betterment of all students at Vermilion Catholic.

Great strides have been made towards increased use of technology. We will be adding a technology coordinator to the staff for the 2019-2020 school year. This position will help to support a grant received by the Diocese to foster technology at Vermilion Catholic.

Sincerely,

Michael C. Guilbeaux
Principal
