

Privacy Guides for Xbox Series X/S

1. Press the **Xbox button** in the center of your controller to open the guide.
2. Navigate to **Profile & System**.
3. Navigate to **Settings**, then **Account**, then **Family Settings**.
4. Select **Manage Family Members**, then **Add to Family**.
5. Select your child's account to customize the **Privacy & Online Safety** settings.
6. Choose whether you would like to allow or block Microsoft from collecting data from your Xbox and your account.
7. You can also download the **Xbox Family Settings** app on your iOS or Android device and connect to your child's Xbox account. With the app, you can set screen time limits, content filters, and manage how your child can play and communicate with other players.
